LinkedIn: [www.linkedin.com/in/david-ryan-305860183](http://www.linkedin.com/in/david-ryan-305860183)

### Technical Skills:

- HTML
- CSS
- JavaScript
- Node.js
- Express
- SQL
- Sequelize
- Terminal
- GitHub repositories

### Work examples:

1. Pet Connect: a marketplace app to connect dog breeders with clients. People can view seller pages and see ratings based on past user experiences. Users can share their current 'family' to assuage breeder concerns over compatibility and competency of ownership. They can also keep the breeder posted on how well the dog is doing in their new home.  
<https://thepetconnection.herokuapp.com/>
2. Tech Blog: a simple tech blog showcasing use of express, handlebars, sequelize, and deployed on heroku.  
<https://tech-blog-david-ryan.herokuapp.com/>
3. Employee Management System: a simple employee management system run on the command line using an sql database for persistent data storage.
