SUMMARY

- Full stack web developer with experience using JavaScript, CSS, HTML, SQL, MongoDB, React, and more.
- Focused on solving the difficult problems. Approaches everything as a learning opportunity - the more challenging the better
- Leads by example
- Communicative team player
- Can-do attitude

TECHNICAL SKILLS

Languages:
    JavaScript, CSS, HTML, SQL
Proficiencies:
    React, MongoDB, GraphQL, APIs, Mongoose, Sequelize, Express, Node, MERN

PROJECTS

PetConnect 2.0 │ github.com/haleyhilton/P3-PetConnect │
thepetconnect.herokuapp.com
- Dog marketplace/social app - See other people's dogs and shop for new ones! Bootcamp final project (5 person team)
- Built portions of the back end (models, queries, etc) and handled some of the more complex front end react pages.
- MERN stack app. Utilizes GraphQL, Cloudinary, Moment, Bootstrap, Material UI, and more. Deployed using Heroku.

Tech Blog │ github.com/Kadika38/Tech-Blog-David-Ryan │
tech-blog-david-ryan.herokuapp.com/
- A simple tech blog app. Homework for bootcamp.
- Solo project - built everything.
- Express, Handlebars, Sequelize, deployed using Heroku.

PetConnect 1.0 │ github.com/Kadika38/Tech-Blog-David-Ryan │
tech-blog-david-ryan.herokuapp.com/
- Dog marketplace app - see other people's dogs and look for a new one for you! Bootcamp group project (4 person team)

- Build the vast majority of the back end using SQL and Sequelize. Worked on the portions of the front end that had the heaviest connection to the back end.
- Express, Handlebars, Sequelize, deployed using Heroku.

EXPERIENCE

Valet Captain   2019 – Present
Ace Parking   San Diego, CA
Exemplifying customer service in a chaotic environment as a shift lead. Managing millions of dollars in vehicles at any given time. Communicating with multiple departments during problem scenarios to solve issues quickly.
Key Accomplishments:
- Led team of up to 14 people at times.

Security Guard   2021 – 2021
Aimbridge Hospitality   San Diego, CA
Handled emergency scenarios, overly intoxicated and/or violent individuals, and problematic customers. Safeguarded property and customers by managing access to keys, locked areas, alcohol, etc. Wrote detailed reports on incidents for management.
Key Accomplishments:
- Promoted to shift lead role within 2 months.

EDUCATION

Certificate of Completion - Full Stack Flex Web Development Bootcamp: UCSD Extension, San Diego, CA
A 24-week intensive program focused on gaining technical programming skills in HTML, CSS, Javascript, JQuery, Bootstrap, Node.js, MySQL, MongoDB, Express, Handelbars.js, and ReactJS. Certificate of Completion.

Associates in Business: Palomar College, San Marcos, CA
2019-2020 - Finance focus
